

POINTERS ON THE RACES.

Heavy Going, No Stake Event, No Feature, Light Fields.

That Is To-Day's Layout at the Track at Elizabeth.

There is no stake event on the card at Elizabeth today and the programme is light.

The heavy going has prevented owners from entering as liberally as they might have otherwise done, and the result is light fields, which may be still further reduced by scratchings.

The best race of the day will probably be the six furlong handicap, in which Yonkers, Daisylawn, Lucy, Long Branch, Elieffle and others are named to go. The above-named horses should furnish an extremely interesting race if they go to the post.

Banquet makes his appearance on the lists, but though Strathmorn he has little to offer.

The other races are not very attractive.

Very often, however, the most unattractive cards furnish the most variety of racing, and that is the case today.

The entries and selections are as follows:

First Race—A stakes of \$10 each, for mares two years old and up to three years.
